Contents

Warm up
1641 From high performance to clinical practice
N Plevinka, C Napier

Editorials
1642 Gait retraining: out of the lab and onto the streets with the benefit of wearables
C Napier, J-F Esculier, M A Hunt

1644 How can we prove that a preventive measure in elite sport is effective when the prevalence of the injury (eg, ACL tear in alpine ski racing) is low? A case for surrogate outcomes
J Kröll, J Spörri, S E Steenstrup, H Schwaineder, E Möller, R Bahr

1646 Prevention forecast: cloudy with a chance of injury
N van Dyk, B Claesen

1648 Blood flow restriction training: a novel approach to augment clinical rehabilitation: how to do it
S D Patterson, L Hughes, P Head, S Warmington, C Brandner

Reviews
1650 Can we predict the outcome for people with patellofemoral pain? A systematic review on prognostic factors and treatment effect modifiers
M Matthews, M S Rathleff, A Claus, T McPoil, R Nee, K Crosley, B Vicenzino

1661 Do Functional Movement Screen (FMS) composite scores predict subsequent injury? A systematic review with meta-analysis
R W Moran, A G Schneider, J Mason, S J Sullivan

Subscription information

British Journal of Sports Medicine is published monthly; subscribers receive all supplements

Institutional rates 2018

Print £845

Online Site licences are priced on FTE basis and allow access by the whole institution. Details available online at http://journals.bmj.com/content/subscribers/bjsm

Personal rates 2018

Print (includes online access at no additional cost) £296

Online only £175

ISSN 0306-3674 (print); 1473-0480 (online)

Mobile App User Guides

1703 DrGoniometer: a reliable smartphone app for joint angle measurement
S Vercelli, F Sartorio, E Bravini, G Ferriero

1705 Desk Job—an app to encourage health and fitness in the workplace and beyond: mobile app user guide
C M McShane, D MacElnahto

Education reviews

1707 Physiopedia: one big constantly updating online textbook written and edited by physiotherapists for physiotherapists (continuing professional development series)
A G Galvener

PhD Academy Award

1709 Diagnosis of acute groin injuries in athletes
A Serner

1660 Is subsequent lower limb injury associated with previous injury? A systematic review and meta-analysis
L A Tonley, M K Drew, J L Cook, C F Finch, J E Guida

1679 Should exercises be painful in the management of chronic musculoskeletal pain? A systematic review and meta-analysis
B E Smith, P Hendrick, T O Smith, M Bateman, F Moffatt, M S Rathleff, J Selje, P Logan

Original articles

1688 Quadriceps strengthening with and without blood flow restriction in the treatment of patellofemoral pain: a double-blind randomised trial
L Giles, K E Webster, J McClelland, J L Cook

1695 A comprehensive strength testing protocol offers no clinical value in predicting risk of hamstring injury: a prospective cohort study of 413 professional football players
N van Dyk, R Bahr, A F Burnett, R Whiteley, A Bakken, A Mosler, A Farooq, E Wittersw
