OBITUARY

Dr. Mohamed Kamal Kheir-Eldin, MB, BCh

Dr. Kheir-Eldin qualified in Egypt in 1960, and moved to the UK nearly twenty years later, being admitted to the UK Medical Register in 1980. He was in general practice in Barking, where he included many injured athletes among his patients. He joined the BASM in 1981, and was a keen supporter of our meetings. He had an interest in the biomechanics of sporting performance, as well as in related psychology and physiology.
