

Prescribing Information

Presentation: Moveiat Cream contains mucopolysaccharide polysulphate (MPS) 0.2g and salicylic acid 2.0g in a white vanishing cream base to 100g. Moveiat Gel contains the same active constituents in a colourless gel base. **Indications:** For the relief of symptoms associated with painful inflammatory conditions of the musculo-skeletal system, including traumatic conditions such as sprains and strains. **Dosage and Administration:** Moveiat Cream: Two to six inches (5-15cm) to be massaged into the affected area up to four times daily. The cream may also be used with a dressing, when it should be applied thickly. Moveiat Gel: Two to six inches (5-15cm) to be applied to the affected area up to four times daily. **Contra-Indications, Warnings:** Should not be used on large areas of skin. Should not be used on broken skin, sensitive areas of skin or mucous membranes. Should not be used on children under the age of 12 years. **Precautions:** In cases of sensitivity to salicylates, allergic skin reactions may occur. **Pregnancy and Lactation:** There is no evidence to suggest that Moveiat should not be used during pregnancy and lactation. **Pharmaceutical Precautions:** Nil. **Legal Category:** P. **Basic NHS Price:** £4.14 per 100g tube of Cream or Gel. **Further Information:** Nil. **PL:** Moveiat Cream 0542/5001R. Moveiat Gel 0542/0006R. **PL Holder:** Farillon Limited, Romford, RM3 8UE.
