The Association cannot guarantee the accuracy of every entry, although attempts have been made to keep records up to date. The entries are listed to give guidance for identification of members, and not to be complete records of all qualifications, decorations, titles or posts held. In this list, the title of "Doctor" applies to those with medical qualifications; for those with Doctorates who have no medical qualification, the degree is listed, after the member's name. The names of Fellows of the Royal Colleges of Surgeons are followed by "F.R.C.S.", physiotherapists by "M.C.S.P.", remedial gymnasts by "M.S.R.G.", and physical educationists by "Dip.P.E." (F) preceding an entry designates a Founder Member.

This full membership list will be published at an interval of some three or four years, but lists of changes of addresses or qualifications, of new members, and of resignations will be published from time to time to keep this full list up to date.
