Contents

Warm up

313 ACL injuries — problem solved?

R Bahr

Editorials

314 Genetic association studies for complex traits: relevance for the sports medicine practitioner

W T Gibson

317 Give Hippocrates a jersey: promoting health through football/sport

J Dvořák

Head to head

323 Why bone–patella tendon–bone grafts should still be considered the gold standard for anterior cruciate ligament reconstruction

J R Carmichael, M J Cross

325 Why autologous hamstring tendon reconstruction should now be considered the gold standard for anterior cruciate ligament reconstruction in athletes

L Pinczewski, J Roe, L Salmon

Reviews

328 The anterior cruciate ligament injury controversy: is “valgus collapse” a sex-specific mechanism?

C E Quatman, T E Hewett

336 Sudden cardiac arrest in children and young athletes: the importance of a detailed personal and family history in the pre-participation evaluation

R M Campbell, S Berger, J Drezner

342 Maximal oxygen intake and independence in old age

R J Shephard

Original articles

347 Ten year follow-up study comparing conservative versus operative treatment of anterior cruciate ligament ruptures. A matched-pair analysis of high level athletes

D E Meuffels, M M Favejee, M M Vissers, M P Heijboer, M Reijman, J A N Verhaar

352 Genetic risk factors for anterior cruciate ligament ruptures: *COL1A1* gene variant

M Posthumus, A V September, M Keegan, D O’Cuinneagain, W Van der Merwe, M P Schweltnus, M Collins

357 Variants within the *COL5A1* gene are associated with Achilles tendinopathy in two populations

A V September, J Cook, C J Handley, L van der Merwe, M P Schweltnus, M Collins

366 Gait mechanics after ACL reconstruction: implications for the early onset of knee osteoarthritis

R J Butler, K I Minick, R Ferber, F Underwood

371 Preoperative quadriceps strength is a significant predictor of knee function two years after anterior cruciate ligament reconstruction

I Eitzen, I Holm, M A Risberg

377 A prospective longitudinal study to assess psychological changes following anterior cruciate ligament reconstruction surgery

J L Langford, K E Webster, J A Feller

382 An epidemiological study of football (soccer) injuries in Benin City, Nigeria

S O Azubuike, O H Okojie
