Volume 49 Issue 16 | BJSM August 2015

Warm up 1027 Is there ever a truth in evidence based medicine?
G White

Editorials
1028 Success story: how exercise physiologists improve the health of Australians
I Cullen
1029 Comprehending concussion: evolving and expanding our clinical insight
M Makdissi, J Patricios
1030 Is tendinopathy research at a crossroads?
J Jevne
1031 The sexy scalpel: unnecessary shoulder surgery on the rise
J Jevne

Reviews
1033 Quality of life in anterior cruciate ligament-deficient individuals: a systematic review and meta-analysis
S R Filbay, A G Cadwell, I N Ackerman, T G Russell, J M Crossley
1042 Ultrasound-guided shoulder girdle injections are more accurate and more effective than landmark-guided injections: a systematic review and meta-analysis
A-R Aly, S Rajasekaran, N Ashworth
1050 Cerebrovascular reactivity assessed by transcranial Doppler ultrasound in sport-related concussion: a systematic review
A J Gardner, C O Tan, P N Ainslie, A-R Aly, S Rajasekaran, N Ashworth, S R Filbay, A G Culvenor, I N Ackerman, R Siegel, P B Laursen

Original articles
1064 Cricket fast bowling workload patterns as risk factors for tendon, muscle, bone and joint injuries
J W Orchard, P Blanch, J Paoloni, A Kountouris, K Sims, J J Orchard, P Brukner
1069 Comparing population attributable risks for heart disease across the adult lifespan in women
W J Brown, T Pavey, A E Baum
1077 Current hydration guidelines are erroneous: dehydration does not impair exercise performance in the heat
B A Wall, G Watson, J J Peiffer, C R Abbiss, R Siegel, P B Laursen
1084 Declining incidence of surgery for Achilles tendon rupture follows publication of major RCTs: evidence-influenced change evident using the Finnish registry study
V M Mantla, T T humming, H Haapasalo, P Sillanpää, A Malmivaara, H Pihlajamäki

PEDro systematic review update
1087 The effect of eccentric exercise in improving function or reducing pain in lateral epicondylitis is unclear
I L C Heipelders, C-W C Lin
